

JAKE DYKSTRA

JUNIOR FULL-STACK DEVELOPER

DevByJake.com

/in/jacob-dykstra/

/jakedykstra

CSU Fullerton | B.A. Advertising

UC Davis | Software Engineering Certificate

I come from a background in account management at a top ad firm. With this unique skillset, I have strong knowledge of the client needs and the importance of developing functional clean code. I strive to build powerful applications that fulfill both user and business needs.

WORK EXPERIENCE

Account Coordinator

Butler, Shine, Stern & Partners Advertising

Apr. 2017 – Apr. 2018

- Coordinated with production and media trafficking teams to reach live dates and ensure each ad was properly tagged for tracking purposes.
- Managed print and digital display projects through their project life cycle. Worked on over 400 creative materials.
- Worked with UI/UX team to develop 4 microsites with mixed functionality.
- Tracked all client projects and in-house hours attributed to each project weekly.
- Handled the processing of all client invoicing and estimates.
- Adobe Suite, Microsoft Office, version control daily.

Marketing & Biz Dev Internship

EDG Interior Architecture & Design

Jan. 2017 – Apr. 2017

- Assisted the Director of Business Development with preparing proposals, and contracts.
- Managed company salesforce; entered in leads, opportunities, misc. data entry, and running reports.
- Impactful role in brand strategy and research where we used key insights to develop themes to hotel/restaurants.
- Built out the presentation decks with InDesign, comp charts, and client insights.
